American freight service was severely criticised yesterday in the convention of the Winter Wheat Millers' League at Detroit. The occasion was a discussion of delays "in transit," by the millers and reprelays "in transit," by the millers and repre- said one of the principal questions to be sentatives of the foreign flour markets, discussed is the black-listing rule. In the steamship lines and inland carriers. That of grain, all agreed, but fixing the responsibility was not so easy. The steamship men averred that the inland carriers were to blame; the carriers referred the matter back to the shippers; railroad representatives say that shippers figure and wait for a low carrying rate, and then when the get it fairly swamp the road with grain. Thomas E. Haslam, of the London Flour Association, thought that American grain exports would increase 25 to 50 per cent. if the delays were remedied. After all the interests had presented their respective sides, general discussion followed. Numerous ideas for obviating the delays were sugthirty-five day shipment limit be attached to grain purchases. Hearing for Shippers. The Interstate commerce Commission will give hearings on the questions of rates upon export and domestic traffic in grain and grain products in Chicago June 12, and in St. Louis on June 15. The notice of these hearings states that it is proposed to secure evidence showing all important changes which have taken place in rates to the Atlantic and Gulf of Mexico ports of shipments of grain and grain products, and the reasons why such changes were made: and that the investigation will include the relation of rates on grain and grain products to the various ports, as well as the relation of rates on domestic and export shipments of grain and domestic and export pments of grain products. Interested millers and grain dealers as well as the raliroad men are invited to take part in the investigation. These hearings are in continuation of the one held in New York on May 15 and succeeding days.

Yesterday's sharp advance brought in a moderate volume of buying orders to the commission houses, which were put in at the opening. There seems to have been also considerable enthusiasm awakened in the American department of the London market by the same cause. The international stocks were bid up there before the opening here and the arbitrage brokers promptly bid them up to a parity here. It soon became apparent, however, that the bulls were no more prepared for extensive commitments on the eve of a holiday than the bears and the activity soon came to a standstill. Wool.

BOSTON, May 26.-The market is less active in have been almost entirely to manufacturers, who ion. The wholesale organization of trusts makes it most undesirable for them to purchase woo until it is determined whether they are in or out of some combination. Meantime they see their supplies approaching a vanishing point, with a rising market against them. The American Woolen Company is buying wool right and left and storing it in Boston for future distribution among the mills connected with that organization. The prices being paid in Texas are higher than the equivalent prices obtainable in the market to-day for spring wool. All European markets are ex-ceptionally strong. Domestic wool of good character has advanced beyond the experting point but the exporters are still buying defective wool The sales of the week are 4,603,500 lbs domestic and 649,000 foreign a total of 5,252,000 lbs, against 7,459,000 last week and 2,754,000 for the same week last year. The sales to date show an increase of 35,042,100 lbs domestic and 11,341,900 foreign over the sales to the same date in 1898. The receipts to date show an increase of 58,926 bales domestic

CHICAGO WHEAT LOST NEARLY ALL THE PREVIOUS DAY'S GAIN.

Receipts Becoming More Liberal and Improvement in Crop Conditions Reported-Pork Lower.

CHICAGO, May 26 .- Wheat declined to-day on profit-taking. July closing with a loss of 14c. Corn declined 4c and oats 40%c. Perk lost 740 10c and lard and ribs 21/2c.

Wheat opened at a detline of 1/6 1/4c, due chiefly to disappointing cables, liberal Northwest receipts and reports of improvement in the condition of the spring crop. Selling for both accounts was heavy and the market ruled weak up to the last hour of the session, when it rallied on an accumulation of domestic crop damage news and unfavorable advices from Europe. Selling was soon resumed, however, and became so aggressive during the last few minutes that the market weakened again and closed within 4c of the low point of the day. July opened 1@14c lower at 75@7516c, declined to 75c, advanced to 7616c and sold up to 754c at the close. Chicago received thirty-four cars, seven of which graded contract. Minneapolis and Duluth got 589, compared with 415 for the same day last year. The aggregate at Western primary markets was 589,000 bushels, against 594,000 a year ago. Atlantic port clearances of wheat and flour equaled 550,000 bushels. Cash demand slow.

Favorable crop reports and an announcement by a prominent statistician that the acreage would reach 84,000,000, weakened corn. Receipts, 191 cars. July opened 16 40 4c lower at 33 40 334c, advanced to 334c, declined to 32%c and closed at 33c.

Oats declined under liquidation, owing to slack cash demand, heavy receipts and favorable weather. Receipts, 455 cars. July opened 1/40 lower at 23@23%c, sold at 23%c, declined to 22%c and closed at 22%c.

of grains weakened provisions. July pork opened 50 lower at \$8.10, advanced to \$8.12%, declined to \$8.05 and closed at \$8.06@8.07\. Lard and ribs were extremly dull within narrow limits. Estimated receipts for Saturday-Wheat, 45 cars; corn, 375 cars; oats, 490 cars; hogs, 22,000.
